

## SUBJECT INDEX

<b>Biotechnology</b>		<b>Meat Science and Technology</b>	
Molecular Characterization of...	41	Influence of Pearl Millet...	22
<b>Canines and Felines</b>		Physicochemical Changes...	36
Unilateral Ovarian Papillary...	56	Influence of Age on Proximate...	75
Surgical Management of...	85	<b>Pathology</b>	
<b>Cattle and Buffalo</b>		Patho-morphological Changes...	11
Diagnosis of Bovine Endometritis...	14	<b>Pharmacology</b>	
Physical Characteristics of...	48	The Effect of Monensin and...	81
Effect of Manure Treatment...	50	<b>Piggery Science</b>	
Dystocia Due to Dicephalus...	55	Molecular Characterization of...	41
Estrus Conformation on the...	60	Prevalence of Cryptosporidial...	45
Regenerative Changes of...	64	<b>Poultry Science</b>	
Comparison of Electrocardiogram...	66	Influence of Pearl Millet...	22
Expected Breeding Value...	84	Effect of Stocking Density...	29
<b>Genetics and Breeding</b>		Occurrence of Organochlorine Pesticide...	33
Genetic Characterization of...	26	Effect of T-2 Mycotoxins on...	38
Physical Characteristics of...	48	Impact of Dietary Supplementation of...	69
<b>Goats and Sheep</b>		Influence of Age on...	75
Genetic Characterization of...	26	Effect of Dietary Supplementation...	77
Haematological, Acid-Base...	52	Evaluation of <i>Withania somnifera</i> ...	79
Malignant Melanoma of...	58	The Effect of Monensin and...	81
<b>Lab Animal</b>		<b>Surgery</b>	
Patho-morphological Changes...	11	Diagnosis of Bovine Endometritis...	14
Post Weaning Performance of...	71	Dystocia Due to Dicephalus...	55
Factors Influencing Litter Traits...	73	Bilateral Antler Fracture...	62
<b>Nutrition</b>		Surgical Management of...	85
Chemical Composition, ...	20	<b>Wildlife Sciences</b>	
Effect of Dietary Supplementation...	77	Comparative Serum Biochemistry...	17
		Bilateral Antler Fracture...	62
