

THE INDIAN VETERINARY JOURNAL

Vol. 91

January 2014

No.01

SUBJECT INDEX

Anatomy and Histology

Post Hatch Morphometrical... 17
 Morphometry of Thoracic... 24
 Histology and Histochemistry... 38
 Histogenesis of Parotid... 40
 Gross Morphometrical Study... 43

Animal Breeding and Genetics

Expected Responses... 9
 Genetic Analysis... 12
 Prolonged Oestrus... 46
 Genetic Variability... 56
 Association Between... 59
 Effect of Progesterone... 78

Bacteria

Use of Nested PCR... 27
 Assessment of Adulteration... 50
 Sino-nasal Aspergillosis... 61

Biotechnology

Gender Detection in EMU... 22
 Use of Nested PCR... 27
 Embryonic Stem Cell... 30
 Sheep Fetal Mesenchymal... 33
 Identification of Tissue... 35
 Genetic Variability... 56

Camel

Morphometry of Thoracic... 24
 Gross Morphometrical... 43

Canines

Canine Hyperadrenocorticism... 15
 Identification of Tissue... 35

Correlation of Vitreous... 48
 Sino-nasal Aspergillosis... 61
 Hepatoid Gland... 62
 Spontaneous Rupture... 65
 Cheyletiellosis in Dogs... 67
 Haematological Profile... 77

Cattle & Buffalo

Histology and Histochemistry... 38
 Prolonged Oestrus... 46
 Assessment of Adulteration... 50
 Epidemiology of Gastrointestinal... 53
 Association Between... 59
 Fetal Maceration... 68
 Successful Therapy... 70
 A Case of Successful... 72
 Effect of Progesterone... 78

Diagnostics

Canine Hyperadrenocorticism... 15

Equines

Delivery of Maldispositioned... 63

Fisheries

Therapeutic Effect... 80

Goats and Sheep

Expected Responses... 9
 Genetic Analysis... 12
 Sheep Fetal Mesenchymal... 33
 Histogenesis of Parotid... 40
 Prevalence of Haemonchosis... 52
 Effect of Free Radicals... 74
 Seasonal Dynamics of... 75

Nutrition

Effects of Various... 20

Parasitology

Prevalence of Haemonchosis... 52

Epidemiology of Gastrointestinal... 53

Successful Therapy... 70

Seasonal Dynamics of... 75

Prevalence Study of... 94

Pathology

Correlation of Vitreous... 48

Hepatoid Gland... 62

Protective Role of... 84

Pharmacology

Effect of Free Radicals... 74

Haematological Profile of... 77

Outbreak of Clinical... 87

Pigs

A Study on Foot and Mouth... 90

Prevalence Study of... 94

Poultry

Post Hatch Morphometrical... 17

Effects of Various ω -Lipid... 20

Gender Detection in EMU... 22

Use of Nested PCR... 27

Embryonic Stem Cell... 30

Genetic Variability in... 56

Outbreak of Clinical... 87

Isolation and Identification... 92

Surgery

Delivery of Maldispositioned... 63

Spontaneous Rupture of... 65

Cheyletiellosis in Dogs... 67

Fetal Maceration and... 68

A Case of Successful... 72

Treatment

Canine Hyperadrenocorticism... 15

Delivery of Maldispositioned... 63

Spontaneous Rupture of... 65

Cheyletiellosis in Dogs... 67

Fetal Maceration... 68

Viruses

A Study on Foot and Mouth... 90

Isolation and Identification... 92
