

SUBJECT INDEX

Anatomy and Histology		Nutrition	
Histological and Micrometrical...	34	Effect of Probiotic Supplementation...	9
Gross and Microscopic Characterization...	61	Effect of Rice flour...	42
Experimental Inoculation of Jackals...	90	Effect of Dietary Inclusion...	64
Bacteria		Parasitology	
Evaluation of Three Different Methods...	21	Therapeutic Management of...	30
Microbiological Qualities of...	80	Bovine Tropical Theileriosis...	74
Biotechnology		Acariosis in captive Pythons...	82
Amplification of Sheep Microsatellites...	18	An Unusual Occurrence...	84
Association of Leptin Gene...	55	Emergence of Anthelmintic...	86
Canines and Felines		Experimental Inoculation of Jackals...	90
Three Dimensional (3D) Ultrasonography...	15	Pathology	
Therapeutic Management of...	30	Pathomorphological Changes...	52
Cattle and Buffalo		Poultry Science	
Influence of Uterine Infection...	12	Effect of Probiotic Supplementation...	9
Association of Leptin Gene...	55	Evaluation of Three Different Methods...	21
Effect of Genetic and Phenotypic...	58	Quality Characteristics and Storage...	37
Bovine Tropical Theileriosis...	74	Haemato-biochemical Profile...	40
Equines		Effect of Rice flour...	42
Incidence, Clinical features...	48	Effect of Dietary Inclusion...	64
Genetics and Breeding		Diffuse Cutaneous...	76
Effect of Genetic and Phenotypic...	58	Assessment of Humoral Immune...	78
Goats and Sheep		An Unusual Occurrence...	84
Amplification of Sheep Microsatellites...	18	Tissue Residues of Citrinin...	88
Effect of Caffeine Citrate...	24	Surgery	
Estrus Synchronization...	26	Three Dimensional (3D) Ultrasonography...	15
Histological and Micrometrical...	34	Simple Method for Rumen Content...	46
Simple Method for Rumen Content...	46	Post-Partum Uterine Prolapse...	68
Gross and Microscopic Characterization...	61	Dystocia Due to Congenital...	70
Post-Partum Uterine Prolapse...	68	Management of Extensive Uterine...	73
Dystocia Due to Congenital...	70	Treatment	
Management of Extensive Uterine...	73	Influence of Uterine Infection...	12
Emergence of Anthelmintic...	86	Viruses	
Laboratory Animals		Assessment of Humoral Immune...	78
Pathomorphological Changes...	52	Wildlife Science	
Meat Science		Acariosis in captive Pythons...	82
Quality Characteristics and Storage...	37	Experimental Inoculation of Jackals...	90
Effect of Rice flour...	42
